1200D PVC coating PU coating 100% polyester waterproof Oxford fabric is usually woven from high-density yarn, which has high wear resistance and durability. Due to its high D value, 1200D Oxford fabric is very sturdy and can withstand large tensile and compressive forces. The surface waterproof effect is excellent, suitable for making waterproof bags, tents and other outdoor products. The color density is very good, making its appearance more vibrant and long-lasting. The texture is thick but the touch is soft and delicate, giving people a comfortable feeling. 1200D Oxford fabric is an excellent material for making luggage, with a very good glossy effect on the fabric surface, clear patterns, and strong three-dimensional sense. It is commonly used to make high-end luggage. In the field of outdoor products, such as tents, sleeping bags, backpacks, etc., 1200D Oxford fabric is widely popular due to its waterproof, wear-resistant, and durable characteristics. 1200D Oxford fabric has been widely used in various fields such as luggage making and outdoor equipment due to its excellent performance brought by its high D-value. It not only has excellent wear resistance and waterproof performance, but also has excellent hand feel and color effect, making it a very practical textile material.

**Attributes**

| | |
|---|---|
| Item name: | 1200D With PVC/PU coating |
| Supply Type: | Make-to-Order |
| Material: | 100% Polyester |
| Thickness: | Medium Weight |

| | |
|---|---|
| Feature: | Waterproof, Tear-Resistant, Shrink-Resistant, stain Resistant, Water Resistant |
| Technics: | woven |
| Width: | 58/60" |
| Pattern: | Coated |
| Coating: | PVC/PU coating |
| Type: | Oxford fabric |
